

# Week of November 16

## International Thanksgiving Conference

Please pray for the spiritual and practical preparations for this conference. Pray for the brothers preparing the messages, that “utterance may be given to them in the opening of their mouth, to make known in boldness the mystery of the gospel” (Eph. 6:19). Pray for all the listeners, that our hearts will be open to have a fresh word implanted in us for further growth unto maturity.

## Raising up our Next Generation in the Church Life

This past Saturday, November 15, there was a joint young people's meeting for all the districts in Los Angeles as well as Santa Monica and Inglewood. A total of 90 saints were there including young people, college students, serving ones, and parents. The topic was on the life of Joseph and following his pattern of seeing a heavenly vision and allowing that vision to affect our daily lives - so that the Lord, through us, could be the Savior and Sustainer of life to those around us at our schools. The young people testified afterwards from their conferences which touched the matter of having a proper humanity (the junior high conferences) and Joseph (the high school conferences).

Please pray that our young people would come to increasingly know and love the Lord Jesus as the one with the proper humanity for the church life, and as the real Joseph who supplies life to both God's people and to the people in the world.

## Southern California College Conference

Please pray for the second college conference, which is this weekend in Big Bear. Our students from UCLA, CSUN, and CSUCI will attend. Pray that:

1. The students would be prepared inwardly to receive a fresh vision concerning the age of the jubilee;
2. The atmosphere would be full of the release of the spirit;
3. The enemy would be bound in relation to any frustrations that would keep students from coming to or enjoying the conference;
4. The Lord would gain the real victory and every student would experience the blessings and freedom of the reality of the jubilee.

## European Autumn University Conference

This conference is November 21 to 23 in London. The subject is “First Thessalonians—Expecting the Saviour’s Return and Living a Sanctified Life.”

## London

A series of seminars is being held at four venues in London on the five Lord's Days in the month of November. The general topic is “Changing Death into Life” from the nine cases in John’s Gospel showing that Christ as life meets the need of every man’s case. At the first seminar on Lord’s Day, November 2 a total of 74 new ones and 240 saints (including trainees and full-timers) came to the four locations.

Please pray for the new ones to come back for the other seminars and for the continued sweet coordination among the saints in shepherding them. Pray that many of the contacts will desire further home visitations and meetings. Also please pray for the continuing visiting and inviting of the contacts.
