LMA Conference

On October 24-26th, 2017, there were 6 brothers from India attended the LMA conference which was held in Yongin, South Korea. There were a total of 226 saints from 23 different countries who were present at the conference. The General Subject of this conference was on “The Building Up of the Body of Christ With Its Organic Practice”. The title of the six messages were as follows: 1.) Gaining Christ for the Building Up of the Body of Christ; 2.) Enjoying the

Humanity of Jesus for God’s building; 3.) Experiencing the Cross of Christ as the Center of God’s Building; 4.) Living a Shepherding Life for the Building Up of the Body of Christ; 5.) Shepherding the Saints to Enter into the Riches of the Word; 6.) Being Perfected in Prophesying for the Building Up of the Body of Christ. During the messages, brothers have brought out the burden as we are propagating in different parts of Asia, there is a great need to establish two models - the model of the corporate God-man living, and the model of the God-ordained way. We were encouraged to stand firm in one spirit, with one soul, liked-soul, or joined-soul, striving together along with the faith of the gospel.

There were also presentations from different countries to present what the Lord has done in the past year. Through the fellowship of the Body our view was greatly enlarged to see the flow of the Lord’s work has been going on intensely in so many places in Asia. May the Lord gain all the churches in all the countries in Asia in the coming days to establish the model of the corporate living of the perfected God-men as the reality

of the Body of Christ and the model of the God-ordained way by the perfecting of the saints unto the work of the ministry unto the building up of the Body of Christ.

Saints were encouraged to give ourselves to love the Lord by experiencing the Lord's double portion of grace and becoming blend-able by dealing with the impediments of blending through the shining of the divine light so that the Lord can gain His Body in reality expressed in all the local churches.

Perfecting Trip

On Nov. 10-19th, 2017, 15 brothers from 7 localities in India joined the Church Administration Perfecting Trip in the churches in Hsinchu and Taoyuen in Taiwan. The nature of this perfecting trip is to perfect a group of young working brothers by enlarging their view of the practice of the church life, especially

in the matter of the God-ordained way and the burden concerning the raising up the next generation.

Through pursuing of the ministry, fellowshiping with the Co-workers and leading brothers serving in these churches with blending of the churches, the brothers from India testified of the help they have received in seeing the rich experiences in the practical church life. Many have the longing and prayer after this Perfecting Trip that the churches in where they are can too move forward in its enjoyment and practice for the building up of the Body of Christ.

Brief Update from the Church(es) on the Practice of the God-Ordained Way

Church in Trivandrum

Presently there are 100 saints meeting weekly on the Lord's Day. In September 2016, we brothers realized that although outwardly we had a kind of wonderful church life, the saints were barren and there was lack of increase among us. Around 20 saints started to regularly meet together every Saturday afternoon to pursue – “The Normal Way of Fruit-bearing and Shepherding for the Building Up of the Church”. We spend more time

on praying over the precious points in the book and that paved the way for the practice of God-ordained way (GOW) among us. We started to go out for door knocking once a week and conduct regular home meetings with the new ones. 25% of the saints actively participate in gospel preaching and shepherding. Although we couldn't see any result for many months, we still persistently continued the practice of GOW.

In May/June 2017 we were helped through some fellowship in the Body with the matter of Word of God incarnating in us, the principle of increase as seen in Acts 6:7, and prayer reading the word of God. We started to prayer read the word of God for many hours together. This brought the saints into more oneness and blending and coordination and eventually we started to see an increase among us. The Lord added more than 30 saints since July this year. Many whom we never labored upon were simply attracted to church life.

Soon we realized the need to raise up proper Serving Ones to shepherd the new ones. We

now have begun Serving Ones Training every Lord's Day afternoon in which more than 30 saints participate. Also we have started separate perfecting meetings for different age groups based on the book “All Ages for the Lord's Testimony”, One such meeting is for those in their fifties and above. Today GOW is not merely an outward practice to us, but rather we are slowly learning to have a living according to the new way.

Prayer Burden

1. Pray that the Lord can strengthen and build up the local churches in the major cities in India by the constitution of the ministry of the age, the rich experiences of life and establishment of the practice of the God-ordained way for the sake of His testimony.
 2. Pray that the Lord can continue to spread into many more cities in India, through the distribution of the literature, especially in the North India (~ 800 millions of population) that many sons of peace and seekers of the truths can be gained for His move in His economy.
 3. Pray for the propagation among the college campuses in the major cities in India namely, Chennai, Delhi, and Mumbai, that the Lord can gain many good materials for the sake of His testimony and His move in this country.
 4. Pray for the 44 trainees in the FTTND currently that the Lord can preserve their tripartite being so that all of them can be perfected to be the useful vessels unto the Master's use.
