

## **Training for Responsible Brothers**

On Jan. 27-28th, 2018, there was the *Training for Responsible Brothers* of the churches in India which was held in Hyderabad where over 230 brothers were gathered together. The General Subject of this training was “Serving the Lord Under the Unique Headship of Christ and in the Unique Divine Fellowship”. The title of the four messages were as follows: 1.) The Unique Headship of Christ; 2.) Practicing the Church Life under the Unique Headship of Christ; 3.) The Unique Divine Fellowship; 4.) Called into the Fellowship of God’s Son and Experiencing the Cross for the Deepening of the Divine Fellowship. During the messages, the speaking brother pointed out that in order for us to serve the Lord, we are not serving Him according to our own ideas or own ways, but we are serving Him under the unique Headship of Christ, whom is the Head over all things to the church. At the same time, we need to serve Him in the divine fellowship, the unique fellowship. To serve the Lord in this way is to serve Him under the Head and in the Body.

During the training, there was the presentation on the burden concerning the Chennai Land & Building Project. As the Lord’s move continues to grow and develop in India, in fellowship with the oversea co-workers, the serving brothers in India have realized the need for a facility to serve as the blending center for the churches in India. As brother Lee

has repeatedly fellowshiped in the ministry that the principle in the Bible shows that we need both the big meetings and the small meetings; these meetings can be compared to the two wings of a bird or an airplane; the big meetings are one wing, and the small meetings are the other wing. Not only so, there is the need for the churches in India to have a breakthrough in the matter of financial offering for the Lord’s move. The speaking brother shared concerning the need for the churches to live in resurrection in order to overcome money and material possession. According to Luke 6:38 which says that “Give, and it will be given to you”. This is the law of giving. The first principle of God’s finance is to give. Gal. 6:8b says that “he who sows unto the Spirit will of the Spirit reap eternal life”. This is related to the law of sowing. May the Lord have a breakthrough in the coming days among the churches in India to activate both the law of giving and the law of sowing for the sake of His move unto the work of the ministry unto the building up of the Body of Christ.

## Students Propagation

On January 29 - February 7, 2018, 32 students and 3 serving ones from Taiwan joined FTTND trainees and local saints to propagate in New Delhi. This was surely the bountiful supply in the Body. There was a team of 16 Taiwanese students and serving ones that propagated at Delhi University. One team of 19 also propagated in Dwarka Mor, which is a district of New Delhi. In just ten days, there were 89 baptisms, including 34 baptisms from Delhi University. This number of baptisms is unprecedented at Delhi

University. This was a great blessing from the Lord. Delhi University is ranked among the top universities in India. We sense the Lord's strong desire to gain the best material for His future move in India. Every time we went out to preach the gospel we would invite students for Bible Studies, and found that many had a desire to know about the Bible. May the Lord cause many of these ones from Delhi University to become remaining fruit! May these students become equipped and perfected as pillars in the coming years. Also, there were 39 baptisms in Dwarka Mor (a district of New Delhi). All of these 39 were from a Gentile (non-Christian) background, including four with a muslim background.

Every morning, the students, trainees, and local saints gathered for pursuing and prayer. Some verses we pray-read were Matthew 9:37-38, "Then He said to His disciples, The harvest is great, but the workers few; Therefore beseech the Lord of the Harvest that He would thrust out workers into His harvest." May the Lord thrust out more workers to reap the great harvest in Delhi. Each morning, we pursued three of the messages from the recent Crystallization of Leviticus training. We enjoyed that we need to eat Christ as our meal offering to become the reproduction of Christ in His God-man living to live Christ in His divinely enriched humanity. We also enjoyed Christ as the reality of the sin offering and as our peace

offering. As the sin offering Christ was made sin on our behalf as the bronze serpent to destroy the works of the devil! With Christ as our peace offering we have peace with God and with one another for the building up of the Body of Christ.

Prayer Request for Delhi Campus Work:

1. For the follow up, shepherding, and perfecting of the 34 Delhi University students.
2. For the thrusting out of workers to Delhi for the reaping of the great harvest.

## International Chinese-Speaking Conference

On Feb. 16-18th, 2018, there was the *International Chinese-Speaking Conference* which was held in Taipei, Taiwan where over 30000 saints gathered together from 62 countries. There was a group of 34 saints from India who also attended this conference. The General Subject of this conference was on “The Goal of the Lord’s Recovery - to Bring Forth the One New Man”. The title of the five messages were as follows: 1.) Our Urgent Need to See the Vision of the Church as the One New Man; 2.) Being Renewed in the Spirit of the Mind for the Practical Existence of the One New Man; 3.) Growing Up into Christ in All Things and Learning Christ as the Reality Is in Jesus for the Corporate Living of the One New Man; 4.) Experiencing Christ as Our Life, Our Person, for the One New Man; 5.) Allowing the Peace of Christ to Arbitrate in Our Hearts, Letting the Word of Christ Dwell in Us Richly, and Persevering in Prayer for the One New Man.

In the final session, the speaking brother encouraged the saints to go to the Lord to pray after the meeting and to bring all these points before the Lord so that the goal of the Lord’s Recovery can become our goal, that is, to bring forth the One New Man in its practical existence today to bring in the Lord’s return!

During the conference, the saints from India were accommodated in the saints’ home in New Taipei City. We truly experienced this time the care and love being poured out through the saints’ unselfish and heart-warming hospitality. As Rom. 12:10 and 13b say that “Love one another warmly in brotherly love; take the lead in showing honor to another...pursue hospitality”. We practically saw these verses lived out in the Body life during our time in Taiwan; what a pattern for us to follow!

During the conference, we also participated in the Gospel March on Saturday afternoon (Feb.17th) with 10000 other saints to proclaim in oneness and one accord the truth of the gospel to the public in Taipei. Praise the Lord for the gospel of the glory of Christ to be proclaimed in the dark places to be the light to shine forth in hearts of the people.

After the conference, the saints from India also visited the church in Taichung on Feb. 19 to 21st, 2018 before returning to India. May the Lord blend the churches together more and more in the coming days for the reality of the Body of Christ and the bringing forth of the One New Man.

## Brief Update from the Church(es) on the Practice of the God-Ordained Way

### Church in Guwahati

The church life started in the city of Guwahati, Assam on August 21, 2016 with only a hand-full of saints. Thank the Lord that after the one year and a half, today the the number of the saints have increased to 42 in the church life. At present there are 12 to 15 saints coming together every week to enjoy Lord's Table Meeting as the "House of Bethany". The recent burden given to us by the Lord is to gain five more local families for the strengthening of the Lord's testimony in this city and to bring the saints into organic functioning by the practice of God ordained way. Currently there are 40% of the saints who go out weekly for preaching the gospel and contacting people.

Thank the Lord for the ministry which has helped us to see that the practice of the God-ordained way being the "new way", not new in method but new in its nature. Only the "new" man can walk the new way. We realized that the new way can only be practiced and carried out by the new man, a renewed man. We need to be renewed and revived every morning in order to be the new man to take the new way.

Firstly, we have picked up the burden to bring the saints into a revived living by having the morning revival every morning. Every saint should have the morning revival every day as it mentions "day by day" according to Acts 2:46. Currently the saints are practicing we morning revival personally as well as with companions over the phone. Secondly, we encourage the saints to go out every week to preach the gospel and at present the saints go out together on Lord's evening to preach the gospel and visit the new ones. Thirdly, we are encouraged to establish more home meetings in the homes of the new ones as it mentions "from house to house" in Acts 2:46.

At present we have 10 home meetings with the new ones weekly and we are using the Shepherding Materials (published by TGBR), Life Lessons and New Believer's Holy Word for Morning Revival. Lastly, we are endeavoring to establish the small group meetings as it mentions "not abandoning our own assembling together" in Heb. 10:25. At present we have two regular small group meetings on Thursdays and Fridays. To give a brief testimony: A couple (a saint's relatives) recently opened their house for the home meeting. One month later the husband began to invite his friends and their neighboring families. As the result there are now 8 to 10 saints coming together weekly to enjoy the word of God. After the meeting, this family will always prepare the dinner for everyone. We are quite encouraged by this new couple who have a heart for the Lord. May the Lord strengthen the saints in Guwahati to enjoy this kind of revived living and to be drawn by the Lord's love to labor in shepherding for the building up of His organic Body of Christ.
